- Teacher preparation and license

LICENSE

Free for personal and single-classroom use. Small-batch sales of finished handmade items are allowed.
Do not sell, upload, redistribute, or include the template files in another product. Copyright HollyXmas.

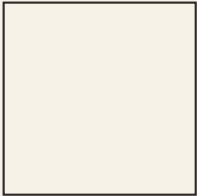

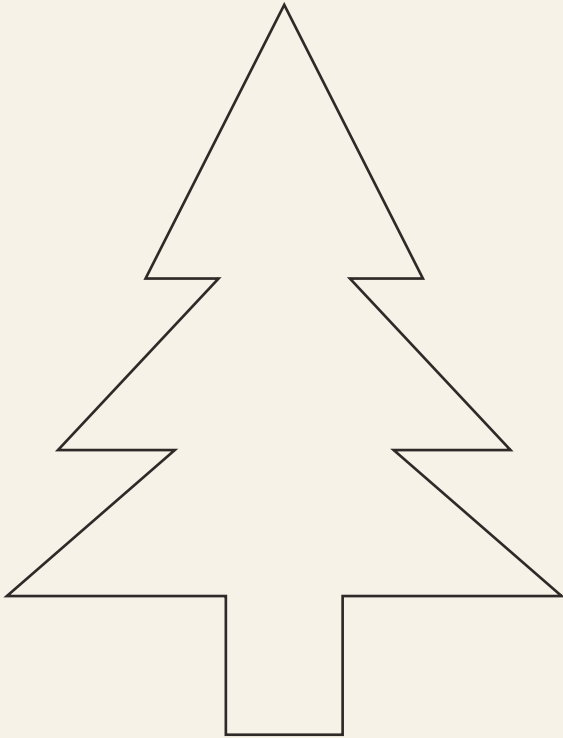

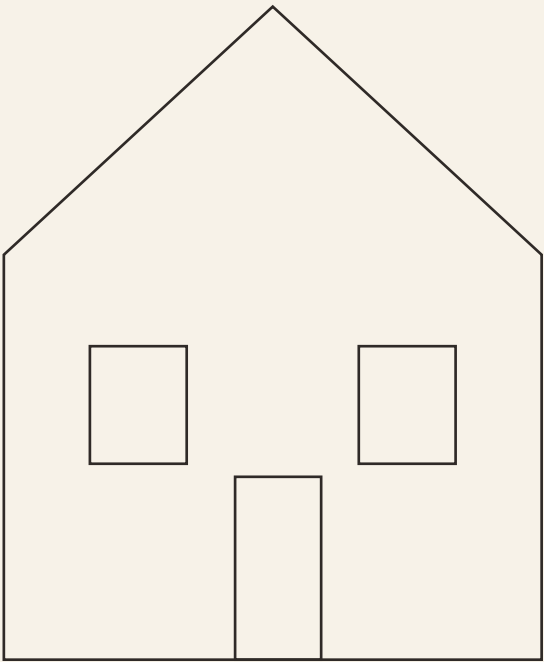

Cut two shapes. Score from each point to opposite inner corner. Adult demonstration recommended.

1 inch calibration square

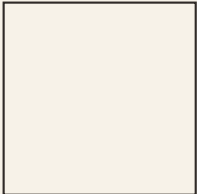

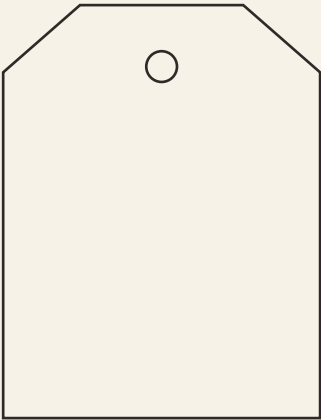

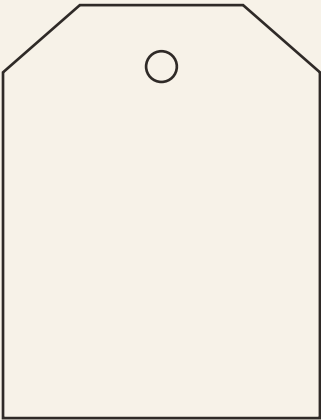

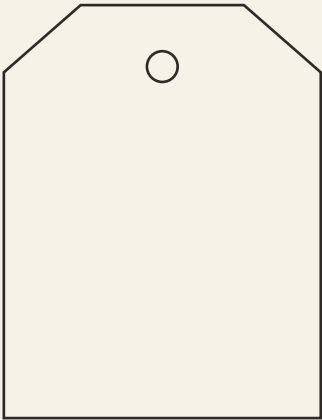

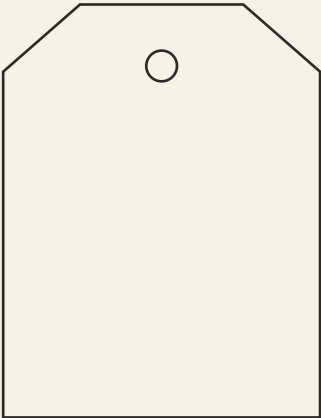

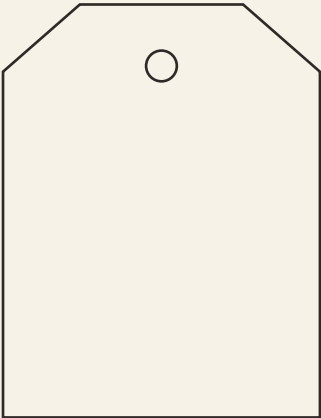

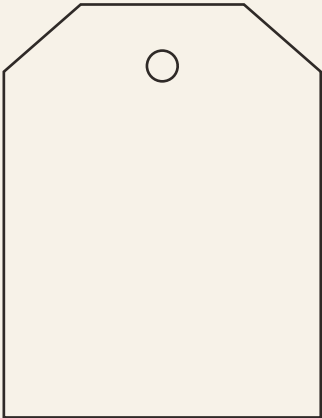

———— CUT - - - - - FOLD / PLACEMENT

Choose either motif. Both options use comparable cutting and decorating time.

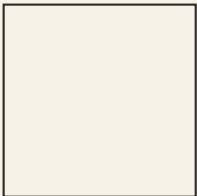

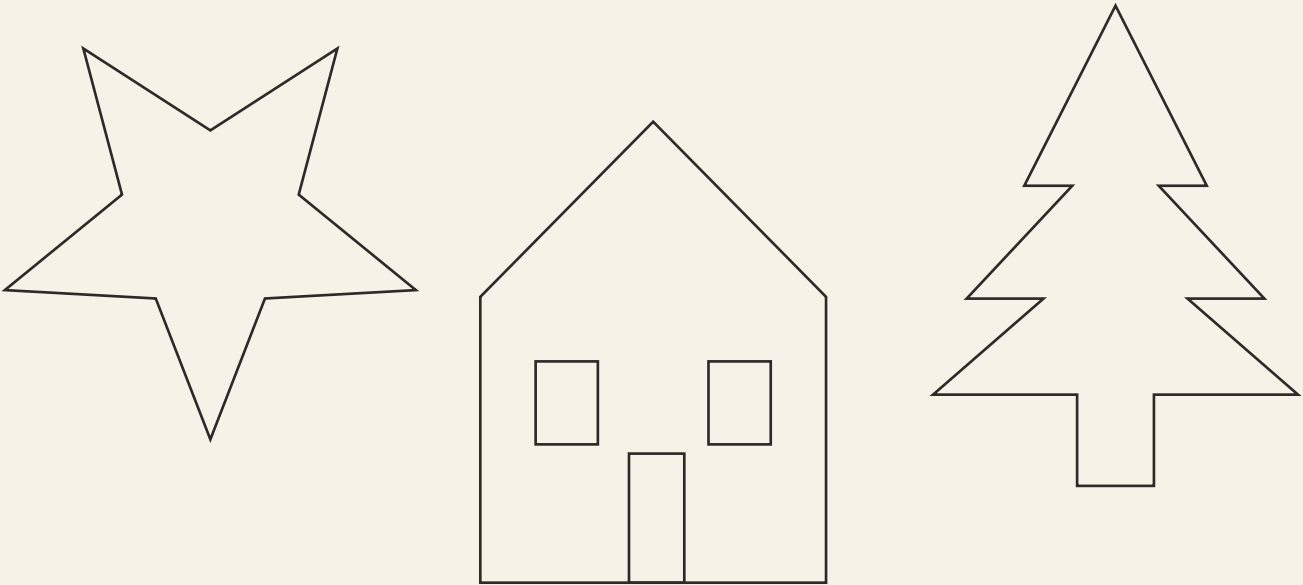

1 inch calibration square

Punch at marked circle after cutting. Keep names on reverse for classroom privacy.

1 inch calibration square

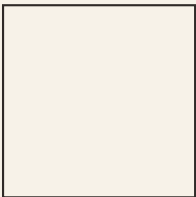

Cut one unit per student. Teacher punches and strings dried pieces.

1 inch calibration square

Use this checklist before printing the full class set.

- ☐ Print at Actual Size and verify the 1 inch square.
- ☐ Build one sample using student tools.
- ☐ Prepare 15 percent spare pieces.
- ☐ Offer pre-cut and large-shape options.
- ☐ Check allergy, privacy, fire, and display policies.
- ☐ Reserve a flat labeled drying area.
- ☐ Use only school-approved mounting materials.
